## EDUCATION

**Bachelor of Technology in Computer Science & Engineering,** 2022 – 2026  
*Raj Kumar Goel Institute of Technology, Ghaziabad CGPA: 7.27 (till V sem)*

## PROFESSIONAL EXPERIENCE

**Web Development Internship - Heal Bharat** 🔗

## SKILLS

### Frontend Development

HTML, CSS, JavaScript, Bootstrap, React.js, Tailwind CSS

### Backend Development

Node.js, Express.js, SQL, JSON, MongoDB, EJS, RESTful API Design

### Additional Skills

Git, Github, Data Structures & Algorithms, Java, Python, VS Code

## PROJECTS

### Masala Moods

 🔗

- Developed a modern, responsive **South Indian food website** using React and Vite, styled with Tailwind CSS for a clean, mobile-friendly UI.
- Implemented dynamic animations and transitions using Framer Motion to enhance user experience and visual appeal.
- Ensured clean component-based architecture, smooth visual transitions, and optimized rendering for a seamless user experience.

### LeafPad

 🔗

- Developed a full-stack note-taking application using Express.js, MongoDB, and React (Vite) with a modular REST API architecture.
- Implemented Redis-based rate limiting for API security and performance optimization.
- Deployed the backend on Render and the frontend on Vercel, configuring environment variables and dynamic API routing for production.
- Enabled seamless switching between local and production environments using environment-aware Axios configuration.

## ACHIEVEMENTS

- Achieved Elite certification in NPTEL for completing The Joy of Computing using Python.
- Solved more than 100 problems on leetcode, enhancing algorithmic and problem-solving skills.
- Solved 500+ coding problems on CodeChef and participated in multiple rated contests, continuously improving competitive programming skills.

## CERTIFICATES

- NPTEL - The Joy of Computing using Python 🔗
- Meta - Programming in Python 🔗

## LANGUAGES

- Hindi, English
